

Terms and Conditions With Our Lenders

We have two lenders that we work with so we can cover people with good credit as well as people with less than perfect credit.

To get started, go to www.mytreatmentlender.com and click on the directory to find the treatment center that you're planning to attend. On that page, you will see two links:

For People with Good Credit (670+), [Click Here to Apply](#)

For People with Less than Perfect Credit (560+), [Click Here to Apply](#)

That will take you to each respective Lender's page. Fill out the application, and our primary lender will email you your approval within an hour. Our secondary lender gives you immediate approval after hitting the submit button.
